The Prospect Fund

four square behind the Highlands

Financial assistance is available from £30,000 to £500,000 in the form of discretionary secured loans, or sometimes, private equity. Loans are awarded for terms of up to 10 years. The Board of Directors sets the interest rate on an individual case basis, but it will generally be more competitive than the prevailing bank commercial loan rates.

A key feature of the Prospect Fund is the flexibility to make decisions based upon the actual needs of a client and the merit of an investment proposal. The preferred areas are manufacturing, processing, tourism, leisure and the service sector. The aim of the Fund is to help such projects go ahead where otherwise they may not.

Applicants should approach Highland Opportunity directly. A Business Adviser will discuss investment requirements and look at any business plans you may have. If the Business Adviser thinks the investment project is viable, a proposal will be developed for presentation to the HOL Board of Directors, whose decision will be final. The applicant will be required to attend the Board Meeting to support the application.

Application forms are available from the Highland Opportunity offices or can be downloaded from the Download Forms Page of our website, www.highland-opportunity.com

Clients should be aware that the fact of a loan award will be made public information by the Highland Council, as the owner of Highland Opportunity.
